Here's a little **Quick Start Guide** to keep your food staying just as fresh as you are —exactly what you need!

# Esatto

## 460L Side by Side Refrigerator

### Model: ESBS460S

## Let's get started!

### Unpacking Your Fridge

- **Packaging materials:** Remove all packaging materials, bottom cushions, foam pads and tapes from around and inside the appliance, tear off the protective film on the doors and refrigerator.
- **Suffocation:** Plastic wrapping can be a suffocation hazard for babies and young children, so ensure all packaging materials are out of their reach and disposed of safely.
- **Power cord:** Unwind the power cord to its full length and inspect it for damage. Do not use the appliance if it or its cord have been damaged or are not working properly.
- **Read the manual:** Read this manual to familiarise yourself with the appliance. Pay particular attention to the safety instructions.
- **Clean:** To remove any dust from transit and storage, clean the interior and exterior surfaces of the appliance with lukewarm water and a soft cloth. Dry thoroughly. Important: do not use harsh or abrasive detergents or powders as these will damage the finish.

Please refer to the user manual page 9-11 for more information on Getting Started and for Installation instructions.

### First Time Use

When power is connected for the first time, the full display will be lit for 3 seconds. It will then enter normal operation display. By default, the settings for your refrigerator and freezer is 5°C / -18°C respectively. It is the best to wait 24 hours before adding food.

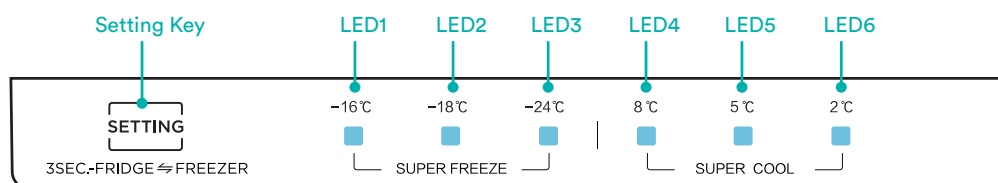

### The Temperature Controls

After each Setting Key press, the temperature will adjust and the corresponding set temperature will flash on the display for 3 seconds. To alternate between setting the refrigerator temperature and the freezer temperature, long press the Setting Key for 3 seconds.

Super Cool mode will operator for 6 hours. It is ideal for rapidly cooling the refrigerator compartment.

Super Freeze mode will operator for 24 hours. It is ideal for rapidly cooling the freezer compartment.

Please refer to the user manual page 12 for more detailed Operation Instructions details.
